

DEAR FRIENDS & COLLEAGUES,

Providing education to marginalized groups can be challenging due to a number of barriers. Open Education Resources (OER) have the capabilities to broaden access and inclusion. This webinar will explore OER, how they can be used to broaden access and discuss recent international developments on this topic.

Join us for a discussion with Dr. Sanjaya Mishra, Education Specialist: eLearning at COL. After the presentation, the floor will be open for Q&A. We look forward to seeing you at the webinar!

Frances J Ferreira

Senior Advisor – Women & Girls
Team Leader - Education
Commonwealth of Learning

Dr. Sanjaya Mishra

Dr Sanjaya Mishra is the Education Specialist: eLearning at COL. Prior to this, Dr Mishra served as the Director of the Commonwealth Educational Media Centre for Asia (CEMCA) and Programme Specialist (ICT in Education, Science and Culture) at UNESCO, Paris. He is one of the leading scholars in open, distance and online Learning with over 25 years of experience in design, development and management of open and distance learning programmes. With a blend of academic and professional qualifications in library and information science, distance education, television production and training and development, he has been promoting the use of educational multimedia, eLearning and use of open educational resources (OER) and open access to scientific information around the world. During his service in different capacities at the Indira Gandhi National Open University (IGNOU), amongst many innovative activities and programmes, he developed the OER-based one-year Post-Graduate Diploma in eLearning. Dr Mishra has won numerous awards for his work in distance education and OER. Dr Mishra's vision is to unleash the potentials of every learner by providing an enabling environment for excellence through innovative use of educational technologies.
